

Together we can raise  
healthcare to new levels –  
that's worth working for!

## Are you ready to go further?

### Join our team as Senior Manager (f/m/d) Supply Chain Projects

Full Time

📍 Heidenheim an der Brenz, Deutschland

📄 With Professional Experience 12/17/19

At **HARTMANN** you get to make a difference. Our healthcare products and solutions make an impact in millions of people's lives around the world on a daily basis – in hospitals, in clinics, and at home. We believe that health can empower people to make a positive difference in the world, and this is something worth going further for.

#### Your area of responsibility:

- The Senior Manager Supply Chain Projects is responsible for planning, executing, and evaluating of Supply Chain project initiatives.
- Owns the planning, execution and controlling of multiple strategic Supply Chain projects with strong analytical focus
- Drives the problem-solving process: frames problems, guides analytical modeling, and through analysis provides insights into solutions
- Generates reports and analysis out of SAP BW and Excel for decision making and optimization initiatives
- Facilitates meetings and workshops with all the levels of the organization and steers stakeholder management
- Effectively manages the change driven by the project and is capable of steering the business in line with Supply Chain strategy
- Grow project team members, and help them develop their skill set and their careers

#### What we look for:

- University/Engineering degree with 5-10 years of experience in project management, change management and project planning
- Strong project management, problem structuring, and strategic problem-solving skills – demonstrated ability to complete quantitative and qualitative analysis
- Strong interest in Supply Chain and innovations within Supply Chain (eg. Network design, supply planning, process improvement)
- Hands-on, result oriented and structured
- Strong team player with excellent social skills
- High standard of ethics, integrity and confidentiality
- Excellent SAP BW, MS Excel and Powerpoint skills
- Excellent English language skills and ability to work in multi-cultural & multi-lingual environment

#### Benefits:

- Stable and continuously growing company with over 200 years of company history
- A motivated and helpful team, which is fully behind our meaningful products
- Reconciling work and family life
- Flexible working hours and attractive remuneration
- Occupational pension provision
- Comprehensive health management with massage and sports facilities
- Individual training
- Extended infrastructure (parking lot, canteen etc.)
